

*Caregiving
for a loved one?*

YOU ARE NOT ALONE

More than 65 million people serve as a family caregiver. Some startling statistics:

- 75% of caregivers are women
- 34% of caregivers are 65+
- Half of caregivers spend 20 hours or more per week
- Nearly one in five provide more than 40 hours of care per week
- 15% are providing care for someone more than an hour away
- The average duration of a caregiver's role is 4 years

Despite these large numbers many caregivers often feel alone and overwhelmed. You are not alone! Call Benton House today and let us offer solutions to help both you and the person in your care.

**Bringing our tradition of care
and excellence to your home.**

A TRADITION
OF EXCELLENCE
DELIVERED
TO YOUR HOME

Benton House has successfully served seniors in our communities for years. In that tradition, we now offer Benton House @Home, our home care delivery service.

Clients enjoy many of the same services offered at our community, but in the comfort and familiar setting of home. Services include meals, housekeeping and emergency response systems. Also included are invitations to weekly special events. We even offer personal care services and private duty care options. And of course, priority placement at Benton House if it is ever needed.

CONVENIENCE
& ACCOUNTABILITY

Seniors and families appreciate the one-stop coordination and accountability offered by our @Home service. Because of the many services offered within our monthly packages, gone are the days when several companies must be scheduled, monitored and paid. Questions, concerns and compliments can now be directed to a single source, saving our client a most important benefit - time.

CARING, COMPETENT
STAFF

Each @Home team member is carefully screened to include a criminal background check, drug test, and driving record review. All team members are bonded. Once hired, training is immediate and ongoing. The result is a caring, competent staff dedicated to meeting the needs of our @Home client.

THE NEXT STEP

Enrollment is limited. If you feel you or a loved one would benefit from our Benton House @Home program, we encourage you to call to learn more. We'll be happy to discuss your current situation and explain all your options. And if you'd like, we can visit with you or your loved one at the community or in the comfort of your own home. Why not learn today how we might help you?
